1.0 Project Mgt/ Project Adm

2.0 Study Initiation

- 2.1 Kick-Off Mtg
- 2.2 Study Committees
 - 2.2.1 CAC
 - 2.2.2 TAC
- 2.3 Scoping
 - 2.3.1 Scoping Booklet

3. Public Involvement Program

- 3.1 Public Involvement Study Administration
- 3.2 Public Involvement Plan
- 3.3 Public Involvement Database/Mailing List
- 3.4 Public Communications
- 3.5 Website
- 3.6 Newsletters
- 3.7 Other Means of Public Communications

4. Corridor Alternative Conceptual Engineering

- 4.1 Technology Assessment
- 4.2 Preparation of Evaluation Criteria
- 4.3 Develop Alternatives for Alignment
- 4.4 Develop Alternative Sites for The Maintenance Facility
- 4.5 Conceptual Model Runs
- 4.6 Conceptual Costs
- 4.7 Conceptual Alternative Evaluation

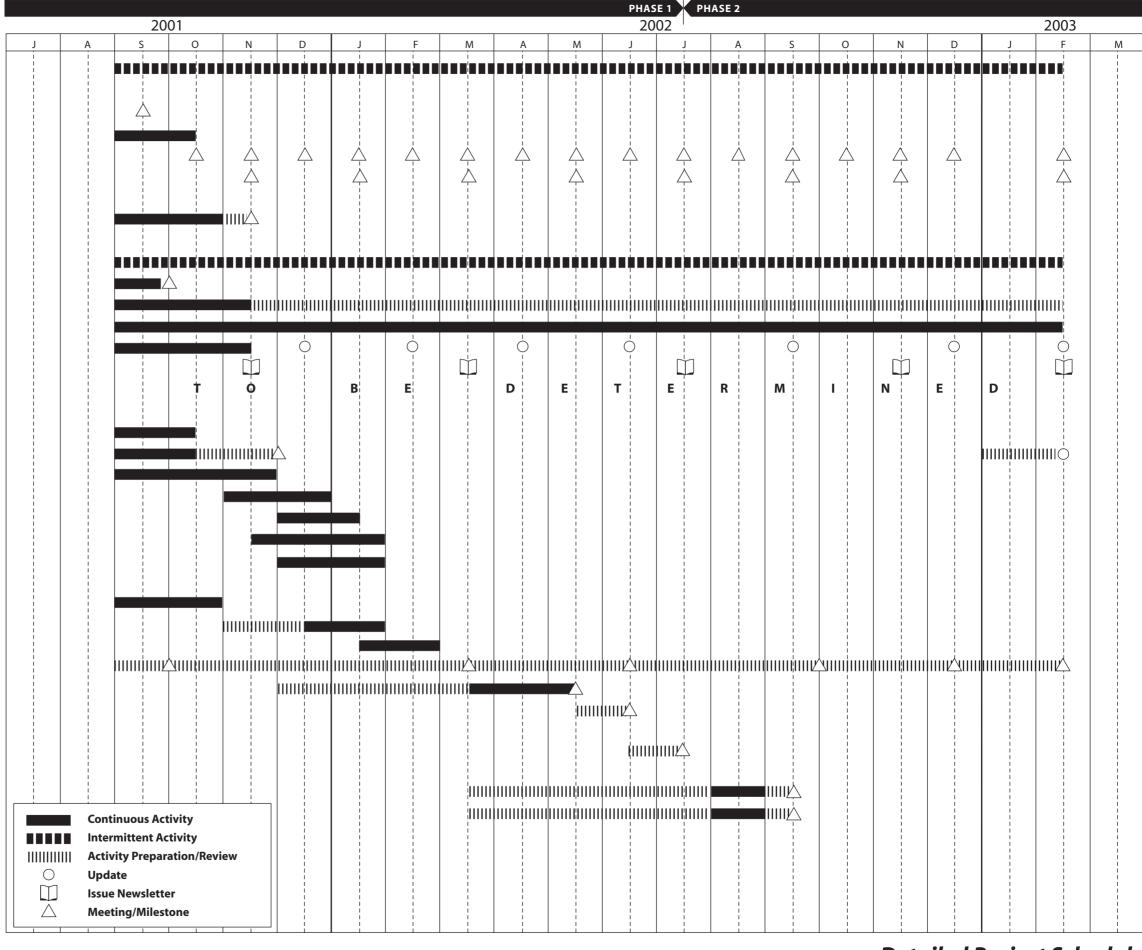

5. Reevaluation/Supplemental to DEIS

- 5.1 Document Previous Work
- 5.2 Examine Potential Impacts
- 5.3 Identify Additional Environmental Work Required
- 5.4 Coordination With FTA/FHWA
- 5.5 Prepare the Supplemental DEIS

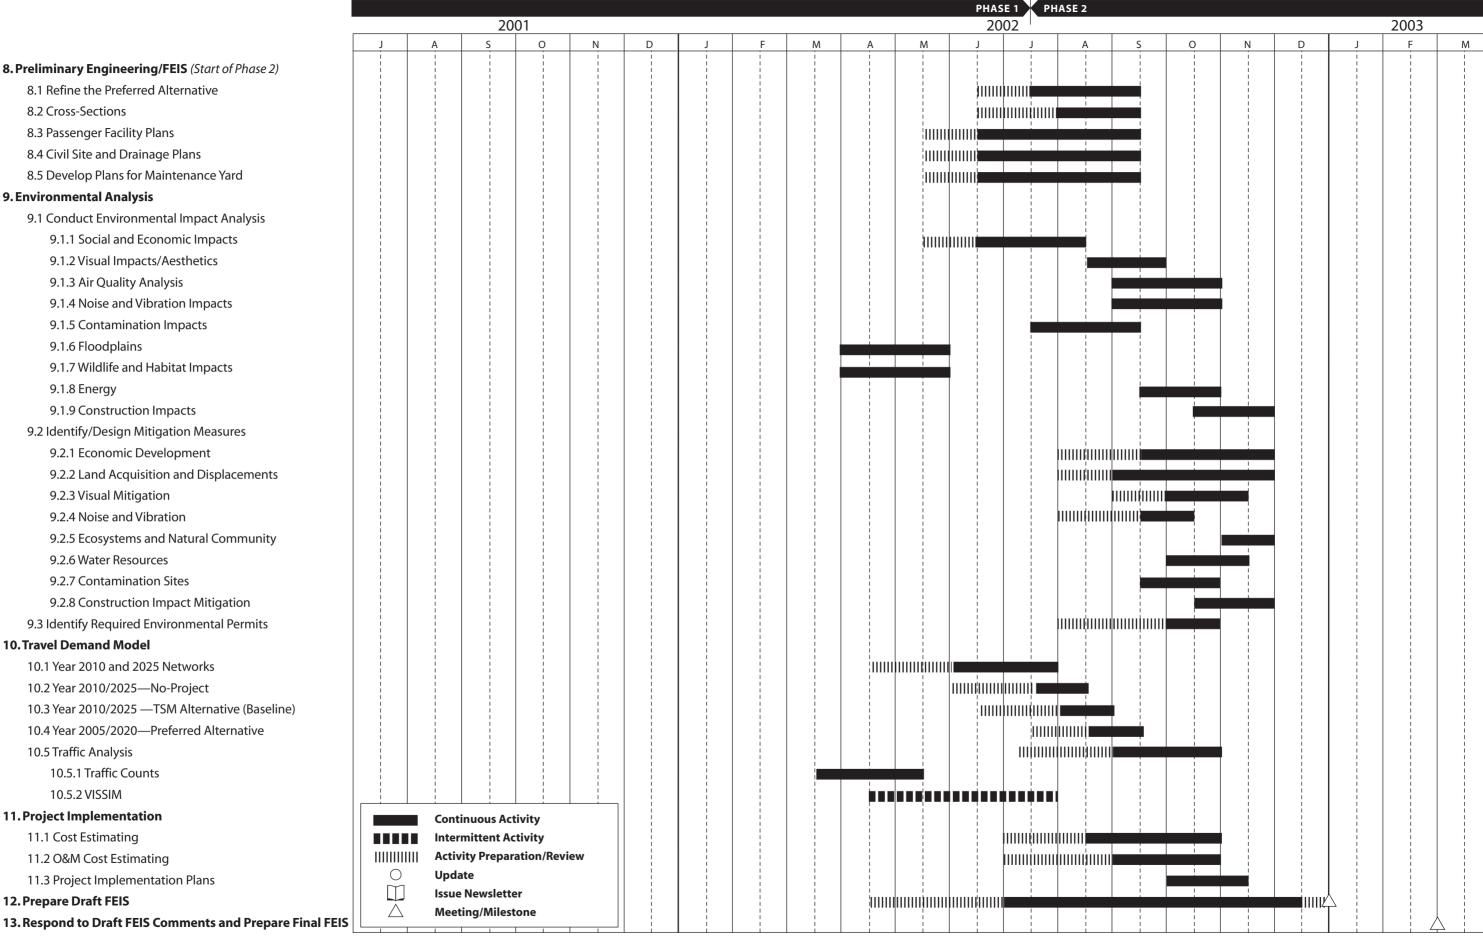

6. Public Hearing

7. Selection of LPA/Financial and Project Justification

- 7.1 Selection of LPA
- 7.2 Financing Plan and Project Justification
 - 7.2.1 Long-Term Transportation Financing Plan
 - 7.2.2 New Starts Project Justification Evaluation

Detailed Project Schedule continued

8. Preliminary Engineering/FEIS (Start of Phase 2)

8.5 Develop Plans for Maintenance Yard

9.1.2 Visual Impacts/Aesthetics

9.1.4 Noise and Vibration Impacts 9.1.5 Contamination Impacts

9.1.7 Wildlife and Habitat Impacts

9.2.2 Land Acquisition and Displacements

9.2.5 Ecosystems and Natural Community

9.2.8 Construction Impact Mitigation 9.3 Identify Required Environmental Permits

10.3 Year 2010/2025 —TSM Alternative (Baseline)

10.4 Year 2005/2020—Preferred Alternative

9.1.9 Construction Impacts 9.2 Identify/Design Mitigation Measures 9.2.1 Economic Development

9.2.3 Visual Mitigation

9.2.6 Water Resources 9.2.7 Contamination Sites

10. Travel Demand Model

10.5 Traffic Analysis

10.5.2 VISSIM

11. Project Implementation

11.1 Cost Estimating

12. Prepare Draft FEIS

11.2 O&M Cost Estimating

11.3 Project Implementation Plans

10.5.1 Traffic Counts

9.2.4 Noise and Vibration

10.1 Year 2010 and 2025 Networks

10.2 Year 2010/2025—No-Project

9.1.3 Air Quality Analysis

9.1.6 Floodplains

9.1.8 Energy

9.1 Conduct Environmental Impact Analysis 9.1.1 Social and Economic Impacts

8.1 Refine the Preferred Alternative

8.2 Cross-Sections

9. Environmental Analysis

8.3 Passenger Facility Plans 8.4 Civil Site and Drainage Plans
